

ALL ABOUT US

Who we are

BitDrywall, a division of BitGroup, has achieved many milestones and is making strides in the building industry. With an impressive geographical footprint in Gauteng, Limpopo, Mpumalanga, across national borders into sub Saharan Africa and internationally into U.K. The company is continuously looking for opportunities to further expand its network.

With the vast experience gained since our establishment in 2009, we are geared for growth, and we will soon be the first African ceiling and partition supplier to branch out to South America. This vision of expanding its reach pays testament to the company's forward-thinking culture. BitDrywall prides itself on being innovative and seeks lasting relationships with partners and stakeholders.

We value our clients through loyalty and support, and by generating value on a long-term basis. Through the expertise of our dedicated procurement team and trained sales department, we guarantee our customers the highest quality products at cost-effective pricing.

Recognising a gap in the market, the company was initially established to answer a need by small and medium independent contractors that required quality ceiling and drywall material at competitive rates.

BitDrywall has since grown to become a well-known manufacturer, distributor and importer of ceiling and partitioning products to both the private, commercial and industrial sectors.

Mission

Supply versatile ceiling and drywall products at competitive prices, being an innovative company seeking lasting relationships with partners and stakeholders.

Vision

To expand countrywide, into neighbouring countries and to be the first African company to branch out into South America.

Values

Clients

Value our clients through our committed loyalty and support.

Value

Generating value for clients on a long term basis.

Excellence

Overall operations.

Integrity

Displaying reliability and honesty.

Innovation

Quality in products and management.

Staff

Through sharing ideas to create expertise.

Denver is open at **7am**
Monday to Friday
orders@bitgroup.co.za

ORDERS

Ordering

Please place your orders with your sales representative either by calling or emailing them directly. Please check that your orders are correct upon receiving a quotation. Our operating times are: 07h00 – 16h30 (all branches), 07h00 to 14h30 (Friday, Denver only) and 07h30 – 12h00 (Saturdays) alternatively, email us at orders@bitgroup.co.za. Prices subject to change without notice. Please note on bulk loads there is a 24 hour lead time. Material remains the property of BitGroup until paid in full.

Bespoke orders

Aluminium products are now available to suit your requirements. Please send your query to your sales representative or email orders@bitgroup.co.za

Technical Services

Should you have any technical queries related to the specification or installation of Bit products, please contact info@bitgroup.co.za

Accounts Department

Contact our Accounts Department if you have any problems with an invoice or delivery.

- If we get anything wrong on your delivery, please note the error on the delivery note.
- Please contact us within 2 days of delivery so that we can investigate and resolve the problem.
